

Propel

A STÖR-e Affiliate Marketing Program

THE OFFERING

Solution for Creative Small business

from eCommerce to Brand Commerce

STÖR-e (pronounced Story) is a unique package of Technology and a set of Digital Services purpose-built for Creative Small Businesses. It lets brands quickly & effortlessly launch/manage/promote their custom online stores (Ex. www.mybrand.com).

The solution is designed on the notion of Brand Commerce, an approach that advocates leveraging techniques like Story telling to help grow the Business holistically rather than just take a transactional view.

STÖR-e provides the initial thrust it takes to put the small business brands to the next higher orbit towards success.

THE AFFILIATE PROGRAM

Propel is our partnership program where we associate with a limited set of influencers who can take the STÖR-e offering to potential customers and convert into a sale.

We, in turn, reward the partners in the form of affiliate commissions by up to 50% of first month's subscription fee paid by the customer.

It's a simple four step process that can bring a permanent source of income for you.
